

Development of an International Thematic Report on Teachers in 2015

Participating Country List

Theme: Teaching as a Profession: Requirements for Equitable Quality Education

International Thematic Report on Teachers in 2015 covers 27 countries in total (4 to 7 countries per region: Africa, Arab states, Asia, Europe/North America, and LAC). Regarding the selection of the 27 countries, priority will be given to the member countries of the Teacher Task Force, which show an interest to participate in this study. (The countries covered by SABER-Teacher module will be given a lower priority to participate in this study because many of the items mentioned in Section II are also covered by SABER-Teacher report.)

The Teacher Task Force secretariat has selected the final 27 target countries in consultation with the co-chairs of the Task Force, based on countries' willingness and the feasibility of conducting the study. The regional focal points of the Teacher Task Force, UNESCO Regional Bureaus for Education (Bangkok, Santiago, Beirut) and the Multisectoral Regional Offices in Africa (Dakar, Abuja, Nairobi, Nairobi, Harare and Yaoundé) have provided advice to the secretariat regarding the selection of countries.
